False and Misleading Allegations about the Central Bank of Lesotho, Former and Current Prime Ministers of Lesotho

The Central Bank of Lesotho (the Bank) has noted with concern a series of social media reports alleging that the Bank is suing some high-profile dignitaries and citizens in the country.

In particular, these false and misleading allegations purport that the Bank is suing the current and sitting Prime Minister, the Right Honourable Samuel Ntsokoane Matekane, the former Prime Minister, Rt. Hon. Dr. Moeketsi Majoro, and other residents of Lesotho.

The Bank distances itself from these malicious attacks on the key institutions and dignitaries of the Kingdom of Lesotho. The public is advised to treat these attacks with utmost contempt.

The Bank assures Basotho that it shall continue to perform its duties and responsibilities with integrity, respect and professional excellence while safeguarding the trust placed upon it by all its stakeholders.
